

TO OUR VALUED CUSTOMERS AND TRADE PARTNERS

For over 115 years, Abbott has been deeply rooted in India's healthcare journey — advancing science, supporting communities, and improving lives. Our legacy is built on trust, innovation, and a commitment to the well-being of millions across the country.

As India moves forward with the Next-Gen GST reforms, we are revising the Maximum Retail Prices (MRPs) of products across our businesses, effective from **22 September 2025** in line with the reduced Goods and Services Tax (GST) rates¹.

We request all trade partners (dealers, distributors, stockiests, retailers and other trade channels) and institutions, hospitals and labs, to ensure prompt implementation of the revised MRPs and pass on the benefit to consumers. We encourage consumers to check the revised MRPs at the time of purchase. Product lists with revised MRPs are available on our website linked with the QR code below.

This information reflects our collective responsibility towards regulatory compliance, keeping people at the centre of everything we do.

Abbott India Limited | CIN - L24239MH1944PLC007330
Abbott Healthcare Private Limited | CIN - U24200MH1997PTC104834
St. Jude Medical India Private Limited | CIN - U33110TG2005PTC046028
