

## Quotation for patients

### FreeStyle Libre 2 Continuous Glucose Monitoring System

The FreeStyle Libre 2 Continuous Glucose Monitoring System, now with Real-time glucose readings are automatically updated every minute<sup>1</sup> and sent directly to your smartphone.<sup>2,3</sup> With optional glucose alarms that provide a safety check every, single minute.<sup>1</sup> The FreeStyle Libre 2 Continuous Glucose Monitoring System is easy to apply and comfortable<sup>4</sup> to wear for up to 14 days. Two sensors are required per month, which equates to 26 sensors per year.

The data collected is aimed to provide a complete glycaemic picture for the person living with diabetes, over a 14-day period, via Glucose Variability (GV) and Time in Range (TIR), essential in healthcare professional clinical decision making and for optimal diabetes management. Actionable insights are available to people living with diabetes to take better control of their health.\*

FreeStyle Libre 2 is available at independent pharmacies. Ask your independent pharmacist to order FreeStyle Libre 2 if not available in their pharmacy. Discovery members can claim your FreeStyle Libre 2 sensors from Pharmacy Direct, M-Kem or Medipost only. If a Discovery Health member claims from a pharmacy not listed above, the price of each sensor may be greater than the approved Discovery CGM benefit amount.

Yours sincerely,  
**Abbott Diabetes Care, South Africa**
